# Noi Grup A.Ş. Company Background

Since Noi Groups Inc. establishment, it has been active in global trade, mainly in supplying refugees with the United Nations and similar NGOs (Non-Governmental Organization).

Noi Group Inc. by expanding its global supply network has entered prestigious market places such as Trendyol in the Turkish market and Amazon in the American market with its boutique, patented, and unique niche products, and aims to enter a considerable supplier list, especially in Amazon, by the end of the year.

Noi Group Inc. has unique systems regarding organizations, activities, information, and resources – involved in moving a product or service from suppliers to customers. Transportation of natural resources, raw materials, and components into last products that are delivered to the end-user/customer.

Noi Groups Inc. has a sophisticated supply chain system, used products may re-enter the supply chain at any point where residual value is recyclable.

Noi Groups Inc. has a unique supply chain mechanism and priority to planning and management of all activities involved in sourcing and procurement, conversion, and all logistic management activities. Importantly it also includes coordination and collaboration with channel partners, which can be suppliers, intermediaries, third-party service providers, and customers.

Noi Groups Inc. has a system also includes all of the logistic management activities noted above, as well as manufacturing operations, and it drives coordination of processes and activities with and across marketing, sales, product design, finance, and information technology.
