

DATA SHEET

METALLIC BOTTLE RACK

REFERENCE AC1011/AC1012

Metallic bottle rack, with a simple design and of great resistance. It has capacity to store up to 4 bottles, for formats from 11.8 liters to 20 liters.

These racks have four supports that provide greater stability than any other bottle rack on the market, and also incorporates rubber blocks of great resistance to avoid scratching any type of floor.

They are **available in white and black**, ideal for placing next to our water dispensers Elegance White and Elegance Black respectively, keeping the aesthetics and design, without forgetting its functionality.

White: Ref. AC1011

Black: Ref. AC1012

✔Weight: 6 kg

✔Measurements: 40 cm x 33 cm x 135 cm
